Every Playmate of the Year

Playboy is known for many things but nothing more than the Playmate. The magazine's second issue featured the first Playmate of the Month—Miss January 1954 Margie Harrison. (Marilyn Monroe was listed in the first issue as "Sweetheart of the Month.") Since then, every issue has featured a model who celebrates the fantasy of the ultimate girl next door—beautiful in every way and yet real enough for you to imagine sitting across from her on a date. Ellen Stratton (Miss December 1959) was the winner of the first Playmate of the Year contest. And from there? Well, enough with the history lesson. This Playboy Special Collector's Issue includes every Playmate of the Year ever crowned, from the smoking Miss Stratton to Lisa Baker of 1967 (pictured here) to Raquel Pomplun of 2013. The issue is an exaltation of beauty and sexual freedom, a walk down memory lane, an invitation to a very exclusive party. And it all starts with Miss Stratton herself, who awaits you on the next page.
